For more information call Debra Parrish at 352-1508

September is Sickle Cell Awareness Month

Please be a blood donor for a child or young adult facing a serious disease.

Hoxworth's Sickle Cell Donor Program is designed to help children and adults with sickle cell disease receive blood that most closely matches with their own.

If you are African American you may be in a special position to help!

All donors will receive a special Sickle Cell T-Shirt!
